

## Safety Data Sheet

### Chem Color Rojo Fresa 17EB581

Version 1.1

Revision Date: 12/14/2020

#### SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

**Product name** : Chem Color Rojo Fresa 17EB581

##### Recommended use of the chemical and restrictions on use

Recommended use : Colouring agent

##### Manufacturer or supplier's details

**Company** : Univar Solutions México, S. de R.L. de C.V.  
**Address** : Av. Xola, número 535, piso 2, Col. Del Valle Norte  
Deleg. Benito Juárez CP 03103  
Ciudad de México  
Mexico

##### Emergency telephone number:

Transport North America: CHEMTREC (1-800-424-9300)

CHEMTREC INTERNATIONAL Tel # 703-527-3887

SETIQ 800 00 214 00 / 55 55 59 15 88

**Additional Information:** : Responsible Party: Product Compliance Department  
E-Mail: SDSLA@univarsolutions.com  
SDS Requests: 55 1107 0170  
Website: www.univarsolutions.com

#### SECTION 2. HAZARDS IDENTIFICATION

##### GHS Classification

Not a hazardous substance or mixture.

##### GHS label elements

Not a hazardous substance or mixture.

##### Other hazards

The following percentage of the mixture consists of ingredient(s) with unknown acute toxicity: 3.5699 %

**This SDS was prepared according to NOM-018-STPS-2015.**

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

##### Hazardous components

No hazardous ingredients

#### SECTION 4. FIRST AID MEASURES

General advice : Do not leave the victim unattended.  
If inhaled : If unconscious, place in recovery position and seek medical advice.  
If symptoms persist, call a physician.  
In case of skin contact : Wash off with soap and water.  
If skin irritation persists, call a physician.  
In case of eye contact : Remove contact lenses.  
Protect unharmed eye.  
If eye irritation persists, consult a specialist.

Revision Date: 12/14/2020

|                                                             |                                                                                                                                                                                                                                   |
|-------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| If swallowed                                                | : Keep respiratory tract clear.<br>Do not give milk or alcoholic beverages.<br>Never give anything by mouth to an unconscious person.<br>If symptoms persist, call a physician.<br>Do not induce vomiting without medical advice. |
| Most important symptoms and effects, both acute and delayed | : None known.                                                                                                                                                                                                                     |

**SECTION 5. FIREFIGHTING MEASURES**

|                                               |                                                                                                                                                     |
|-----------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                  | : Alcohol-resistant foam<br>Dry chemical<br>Carbon dioxide (CO2)<br>Water spray                                                                     |
| Unsuitable extinguishing media                | : High volume water jet                                                                                                                             |
| Hazardous combustion products                 | : toxic fumes<br>Carbon oxides                                                                                                                      |
| Specific extinguishing methods                | : Standard procedure for chemical fires.<br>Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| Special protective equipment for firefighters | : Wear self-contained breathing apparatus for firefighting if necessary.                                                                            |

**SECTION 6. ACCIDENTAL RELEASE MEASURES**

|                                                                     |                                                                                                                                    |
|---------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Avoid dust formation.                                                                                                            |
| Methods and materials for containment and cleaning up               | : Pick up and arrange disposal without creating dust.<br>Sweep up and shovel.<br>Keep in suitable, closed containers for disposal. |

**SECTION 7. HANDLING AND STORAGE**

|                                                 |                                                                                                                        |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|
| Advice on protection against fire and explosion | : Provide appropriate exhaust ventilation at places where dust is formed.                                              |
| Advice on safe handling                         | : For personal protection see section 8.<br>Smoking, eating and drinking should be prohibited in the application area. |
| Hygiene measures                                | : General industrial hygiene practice.                                                                                 |
| Conditions for safe storage                     | : Electrical installations / working materials must comply with the technological safety standards.                    |
| Materials to avoid                              | : No materials to be especially mentioned.                                                                             |

## Safety Data Sheet

### Chem Color Rojo Fresa 17EB581

Version 1.1

Revision Date: 12/14/2020

#### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

##### Components with workplace control parameters

Contains no substances with occupational exposure limit values.

##### Personal protective equipment

|                          |   |                                                                                                                                                                                 |
|--------------------------|---|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Respiratory protection   | : | Use respiratory protection unless adequate local exhaust ventilation is provided or exposure assessment demonstrates that exposures are within recommended exposure guidelines. |
| Filter type              | : | Particulates type                                                                                                                                                               |
| Eye protection           | : | Safety glasses                                                                                                                                                                  |
| Skin and body protection | : | Protective suit                                                                                                                                                                 |

#### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                        |   |                   |
|----------------------------------------|---|-------------------|
| Appearance                             | : | powder            |
| Colour                                 | : | red               |
| Odour                                  | : | No data available |
| Odour Threshold                        | : | No data available |
| pH                                     | : | No data available |
| Freezing point                         | : | No data available |
| Boiling point                          | : | No data available |
| Flash point                            | : | Not applicable    |
| Evaporation rate                       | : | No data available |
| Flammability (solid, gas)              | : | No data available |
| Upper explosion limit                  | : | No data available |
| Lower explosion limit                  | : | No data available |
| Vapour pressure                        | : | No data available |
| Relative vapour density                | : | No data available |
| Relative density                       | : | No data available |
| Density                                | : | No data available |
| Water solubility                       | : | No data available |
| Solubility in other solvents           | : | No data available |
| Partition coefficient: n-octanol/water | : | No data available |
| Auto-ignition temperature              | : | No data available |
| Thermal decomposition                  | : | No data available |

#### SECTION 10. STABILITY AND REACTIVITY

|                                    |   |                                                             |
|------------------------------------|---|-------------------------------------------------------------|
| Reactivity                         | : | No dangerous reaction known under conditions of normal use. |
| Chemical stability                 | : | Stable under normal conditions.                             |
| Possibility of hazardous reactions | : | Dust may form explosive mixture in air.                     |
| Conditions to avoid                | : | Keep away from heat, flame, sparks and other ignition       |

Incompatible materials : sources.  
bromine trifluoride  
Copper  
Copper alloys  
lithium  
Nickel  
Strong oxidizing agents  
Zinc  
Aluminium

---

**SECTION 11. TOXICOLOGICAL INFORMATION****Further information****Product:**

Remarks: No data available

---

**SECTION 12. ECOLOGICAL INFORMATION****Ecotoxicity****Product:**

Further information

The following percentage of the mixture consists of ingredient(s) with unknown hazards to the aquatic environment: 3.5699 %

**Persistence and degradability**

No data available

**Bioaccumulative potential**

No data available

**Mobility in soil**

No data available

**Other adverse effects****Product:**

Additional ecological information : No data available

---

**SECTION 13. DISPOSAL CONSIDERATIONS****Disposal methods**

Waste from residues : Dispose of in accordance with all applicable local, state and federal regulations.  
For assistance with your waste management needs - including
